

DPS-Series Differential Pressure Switches

PRODUCT DATA

APPLICATIONS

- Monitoring filter, fan or air flow status of air handling units

SPECIFICATIONS

- Max. operating pressure 5kPa
- Pressure medium Air; non-inflammable and non-aggressive gases
- Pressure connection 2 plastic tubes
- Switching capacity 1.5A (0.4A)/250Vac
- Operating range -20...+85°C
- Electrical connection AMP-connectors or screw terminals
- Membran material Silicone
- Protection class IP54

ACCESSORIES

- Installation kit DP5A
- Duct kit DP5K
- L-shaped bracket for installation, turned by 90° DP5L

Pressure Range	Switching Differential	Order Number
20...200Pa	10Pa	DPS200
40...400Pa	20Pa	DPS400
200...1000Pa	100Pa	DPS1000
500...2500Pa	150Pa	DPS2500
